18<sup>th</sup> June 2018

Dear Parents/Carers,

We have been fortunate to adopt two pet rabbits (Petunia and Willow) who will be living in our preschool setting and visiting classrooms around school. Petunia and Willow have been hand reared since birth and have been living at a primary school in Hartlepool with their siblings. They are very used to classroom environments and children's interactions, enjoying being stroked and hand fed.

Petunia

Willow

The children will be helping to care for Petunia and Willow, by supporting staff to clean the hutch, ensuring they have sufficient and the correct food as well as being able to stroke them. The preschool children have already begun to build a bond with the rabbits last week. In order to support us in school we would appreciate any used newspapers and any surplus rabbit food, sawdust or hay.

Should you feel you could offer holiday or weekend care for Petunia and Willow, they have an indoor rabbit cage and an outdoor run that school can provide, along with any food/hay/sawdust. If you are interested in offering this care please complete and return the attached form to your child's class teacher.

I am sure Petunia and Willow are looking forward to knowing the children of Prior's Mill CE school in the coming months.

Yours sincerely

**Mrs R. Rowbotham**  
**Early Years Lead**

Petunia and Willow
